

FAST PASS PROGRAMME SOUTH AFRICA

Medtronic

Guardian™ 4 System CGM for MiniMed 780G system - Fast Pass Programme

What happens after you've registered

Once you have registered, we will contact you via email to let you know how to place your order for your free of charge Guardian™ 4 transmitter.

Registration eligibility & terms & conditions

By registering for the Guardian™ 4 CGM system Fast Pass Programme you agree to the following dispositions:

- Conditions:
 - 1) You are a MiniMed™ 780G system user or caregiver of a person using the MiniMed™ 780G system
 - 2) You are using CGM (Guardian™ Link 3 and Guardian™ Sensor 3)
 - 3) You have started your MiniMed™ 780G System in the period of 1 July 2021 to when the product is commercially available in South Africa. Patients who purchased the MiniMed™ 780G system outside this period are not eligible for this programme. As previously mentioned, we will contact you to inform you when you can place the order. The new transmitter should be considered as a replacement and hence the warranty will be a continuation of your Guardian™ Link 3 warranty.
 - 4) You have registered for WeCare and the Guardian™ 4 CGM system Fast Pass Programme through our WeCare website: <https://www.medtronicdiabetes.co.za/minimedcare> and have provided your MiniMed™ 780G pump serial number.
- You give your permission to Medtronic Diabetes Southern Africa to store and process your personal data collected as part of your registration in WeCare, in order to activate and manage your registration to the Guardian™ 4 CGM system Fast Pass Programme. For further information about the way Medtronic Diabetes Southern Africa uses your personal data and your rights, please refer to the <https://www.medtronicdiabetes.co.za/privacy> available on Medtronic's local website.

- You may be contacted for:
 - Product availability updates
 - Educational information about your Medtronic products
 - Order processing and approval
- Availability of the Guardian™ 4 system is subject to local regulatory and reimbursement approvals
- **You have consulted with your Healthcare Professional who deems that you are eligible to use Medtronic's Guardian™ 4 CGM system with your MiniMed™ 780G pump and supports your registration**
- You acknowledge that you have been made aware that a new prescription from your Healthcare Professional is required for the Guardian™ 4 sensors before you can use your free-of-charge Guardian™ 4 Transmitter.
- Your order for your Guardian™ 4 transmitter must be submitted within 30 days of being notified via email that orders can be placed. Orders can only be placed once the product is available in your market. After the 30-days' time-frame from notification your order will be cancelled
- Medtronic reserves the rights to cancel the registration under Fast Pass Programme if the conditions of eligibility are not fulfilled.
- Re-sell of your Guardian™ 3 transmitter is strictly prohibited
